Portfolio

PROFESSIONAL SUMMARY

Front-End Developer with 3+ years of experience building responsive and scalable web applications using React.js and Next.js. Strong experience with JavaScript, TypeScript, Redux Toolkit, RTK Query, Tailwind CSS, REST APIs, authentication, responsive UI, SEO, and production deployments. Experienced in delivering real-world client websites, dashboards, and API-driven applications.

PROFESSIONAL EXPERIENCE

Elix — Front-End Developer

Present

- Develop and maintain responsive React.js and Next.js applications using reusable and scalable components.
- Integrate REST APIs and manage server state with Redux Toolkit and RTK Query, including authentication, search, filtering, pagination, and caching.
- Build responsive interfaces with Tailwind CSS across desktop, tablet, and mobile.
- Implement authentication and protected flows using JWT / Next Auth patterns.
- Translate designs into maintainable, production-ready React/Next.js interfaces.

Khatib Law LLC — Front-End Developer / Next.js Project

<https://www.khatiblaw.com/> | Client Project

- Developed and maintained a production legal-services website using Next.js App Router, React, Tailwind CSS, and reusable components.
- Implemented dynamic practice-area, blog, FAQ, property-tax, client-center, and contact pages.
- Integrated REST APIs for blogs, FAQs, property-address search, and dynamic client-facing data.
- Implemented responsive navigation, forms, search/modals, Swiper sections, animations, and mobile-first layouts.
- Worked on SEO metadata, sitemap, robots configuration, canonical URLs, and page structure.
- Handled production image delivery using Firebase Storage and Next.js image capabilities.

Cook County Tax Appeal — Front-End Developer / Next.js Project

<https://www.cookcountytaxappeal.com/> | Client Project

- Developed responsive, API-driven interfaces for a property tax appeal platform using React.js and Next.js.
- Built property search and dynamic data flows for property information and tax appeal opportunities.
- Implemented reusable sections, responsive forms, cards, navigation, and mobile-friendly layouts.
- Worked on dynamic residential/commercial tax appeal content and SEO-focused pages.
- Integrated frontend components with backend APIs with focus on usability and performance.

SELECTED PROJECTS

Admin Dashboard — Next.js

- Built a responsive dashboard with 5+ dynamic pages, charts, and API-driven content.
- Demo: [dashboard-next-fj27.vercel.app](#) | GitHub: github.com/e659/dashboard-next

E-Commerce Application — React.js

- Implemented authentication, password recovery, product filtering/search, wishlist, cart, pagination, forms, checkout, and payment integration.

Recipe App — JavaScript

- Implemented cart, favorites, quantity controls, remove actions, and user feedback.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Responsive Design

State & Data: Redux Toolkit, RTK Query, React Query, Context API, REST APIs, GraphQL, JWT

UI & Styling: Tailwind CSS, Bootstrap, Framer Motion, Swiper.js, Radix UI, DaisyUI

Tools & Platforms: Git, GitHub, Vercel, Firebase Storage, Azure APIs, Postman, Webpack, Figma, Adobe XD

Other: Next Auth, Tiptap, Three.js, jQuery, SEO, API Integration, Performance Optimization

EDUCATION

Faculty of Electronic Engineering — Sep. 2012 – Jun. 2016

SOFT SKILLS & LANGUAGES

Soft Skills: Communication, Problem-Solving, Collaboration, Adaptability, Attention to Detail, Teamwork, Creativity

Languages: Arabic (Fluent), English (B1+)
